Business Case Studies for CISOs

Building business skills for cybersecurity leaders in MGT514

May 21, 2020

With the Management Curriculum we have found that successful organizations work to build cybersecurity engagement with multiple levels of leadership. We refer to this as the Cyber Leadership Pyramid.

Cyber Leadership

- Cybersecurity requires engagement from all levels of leadership
- Business knowledge increases as you move up
- Technology knowledge increases as you move down

Exec
Focus Business Objectives
Example Roles Board, CEO, CFO, CRO, GC Business Units CIO, CISO, CSO
